Dear USEF Participant:

USEF thanks you for participating in this competition and your support of USEF’s continuous efforts to provide the safest environment possible for our athletes and other participants. Strategies for safeguarding athletes continue to evolve, and we are fully committed to keeping pace with best practices.

The purpose of this letter is to remind you that you are bound by the U.S. Center for SafeSport Code, USEF Safe Sport Policy, and **Minor Athlete Abuse Prevention Policies**, also known as the MAAPP. This includes the SafeSport Training requirement for adult members and participants who have regular contact with minor athletes. Additionally, please be reminded about reporting obligations. Any concerns that are non-sexual in nature, please use the **USEF Safe Sport Incident Reporting Form** available on the USEF website.

Concerns or suspicions regarding sexual misconduct must be reported to <https://safesport.i-sight.com/portal> and the authorities if a minor is involved. All of this information can be found in the USEF **Safe Sport Policy**.

Please take a moment to review the new USEF Safe Sport web pages on the USEF website to find comprehensive resources regarding USEF Safe Sport efforts. You can also contact Sarah Gilbert, USEF Safe Sport Program Coordinator, at sgilbert@usef.org for any questions or concerns relating to the USEF Safe Sport program.

Thank you for your support and for helping us bring the joy of horse sports to as many people as possible!

IMPORTANT EQUINE HEALTH INFORMATION

Equestrian Sport Productions has had vaccination protocol in place since 2013. We will now adhere to GR845 in which:

- 1. At Federation licensed competitions horses, more than 7 months of age, entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (Rhinopneumonitis) vaccinations within six months (180 days) prior to entering the stables. Horses not in compliance with this rule may be required to leave the competition grounds upon request by Competition Management. Documentation should consist of one of the following methods mentioned below. The frequency of vaccine administration should be per the vaccine manufacturers' or veterinarian's recommendations. It is recommended that vaccines are administered by or under the direction of a veterinarian.
- 2. In the case of vaccines administered by a veterinarian, the exhibitor, upon request by Competition Management, must provide documentation from the veterinarian on documenting that the horse in question received the vaccinations; name of the vaccines and date of vaccine administration.
- 3. In the case of vaccines administered by a person other than a veterinarian, the exhibitor, upon request by Competition Management, must provide a receipt of the vaccine purchase which is signed by the owner, or agent with care, custody, and control of the horse; name, serial number and expiration date of the vaccine; and date of vaccine administration.
- 4. In the case of a horse that is unable to receive either of the vaccinations due to a history of adverse reactions, the exhibitor, upon request by Competition Management, must provide a letter from the veterinarian on official letterhead stating that the horse in question cannot be vaccinated due to medical concerns and a log of temperatures taken twice daily for the seven days prior to entering the competition grounds.

These horses must also have their temperature taken and logged twice daily while on the competition grounds. The log of temperatures should be provided to the Competition Management, steward, or technical delegate when requested.

- 5. A current negative coggins test. Please renew before it expires, and not just before it is necessary to leave the state. It is strongly recommended that all horses be vaccinated for Equine EHV-1 (either modified live or killed vaccine) no sooner than 7 days prior and no later than 180 days prior to entering the show grounds. Most EHV-1 vaccines are only considered effective for 180 days. Check with your veterinarian about which vaccine you use.
- 6. Once the horse leaves the facility you may be required to show a new Statement of Health upon your return to the facility. Current vaccination against WNV, EEE, WEE, Tetanus and Rabies is strongly recommended
- 7. You should be able to document your horse's normal temperature before arrival. Please do not ship horses with elevated temperatures. It is recommended that you establish a log of temperatures taken at least twice daily. If there is an elevated temperature for more than a 24 hour period, please consult your local Veterinarian immediately.
- 8. Every effort should be made to minimize stress and commingling of horses shipped long distances. Extra hours on a horse van, or moving from stable to stable is the fastest way to compromise your horses' and your neighbors horses' health.
- 9. Any horse on the show grounds with a fever of unknown origin or of suspicious origin must be reported to ESP Management. It is always better to err on the side safety. Isolation stalls will either be available on the grounds or at a local veterinary practice if the need arises.
- 10. Please take the time to review equine good hygiene practices and impress its importance to your groom in everyday care.

Dedicated.
Committed.
We are so
you can be.

Our commitment and dedication to the equine space continues.

These two scores must be announced separately and then added together to determine each horse-and-rider combination's score for this round from each judging panel. The scores of all the judging panels will be added together to determine the total score of each horse-and-rider combination for this round.

B. The Handy Hunter Round shall be judged on jumping style and efficiency while maintaining style and form, way of going, and overall flow. Pace and brilliance are to be rewarded. Jumping decorations to utilize a shorter track is NOT permissible. In addition to this base score, each judging panel must award an Option Bonus Score consisting of one additional point for every higher height option fence jumped. These scores must be announced separately and then added together to determine each horse-and-rider combination's score for this round from each judging panel. The scores of all the judging panels will be added together to determine the total score of each horse- and-rider combination for this round.

C. The Jump-Off Round, if required, shall be judged and numerically scored on quality, movement, jumping style, manners and way of going. Pace and brilliance are to be rewarded. Jumping decorations to utilize a shorter track is NOT permissible. In addition to this base score each judging panel must award an Option Bonus Score consisting of one additional point for every higher height option fence jumped. These scores must be announced separately and then added together to determine each horse-and-rider combination's score for this round from each judging panel. The scores of all the judging panels will be added together to determine the total score of each horse- and-rider combination for this round.

D. The total scores of each horse-and-rider combination from each round will be added together to determine their final overall Hunter Derby score. This score will determine the final overall standings for the class.

E. The Option Bonus Score of one additional point for each higher height option fence jumped must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse-and-rider combination does jump the higher height option fence.

THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE
The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.
1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.
A full copy of this Code can be obtained from the Fédération Equestre Internationale, Avenue Mon-Repos 24, 1005 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.horsesport.org.

Jason Gorscak, MD Explains How Cataract and Refractive Lens Exchange Can Provide Life-Changing Vision

What makes See Vision Eye Institute special?
JG: I founded See Vision Eye Institute with the goal of creating the premier ophthalmic facility in Palm Beach County. We provide our patients access to the best surgical technology along with a team who is completely focused on you and your individual needs. It's been very exciting and rewarding to hear from our patients that we are succeeding in this goal!
When should someone consider cataract surgery?
JG: I recommend cataract surgery when patients notice changes in their vision that affect everyday life. If driving at night, watching television, or enjoying your hobbies become less enjoyable because of your vision, it's reasonable to consider surgery. The exciting part of cataract surgery is that it not only corrects blurry vision, it also affords the opportunity to gain freedom from glasses – which can be life changing!
How do I know which cataract technology is right for me?
JG: The traditional intraocular lens covered by Medicare or insurance, is designed to correct blurry vision. It does not eliminate the need for glasses. Many of our patients want to reduce their dependence on glasses. The Light Adjustable Lens (LAL) is the latest advancement that is designed to minimize the need for glasses for most activities. The best part of the LAL is that it allows you to "test drive" your vision after surgery, so you can choose exactly how you want to see. We use a special light delivery device in the office to direct very targeted UV light on the implant to adjust it. When you're thrilled with the results, we lock it in so you can enjoy your vision forever!
Could the benefits of the cataract surgery wear off over time?
JG: Generally speaking, no. Changes in glasses usually occur in adults because of the natural lens changes over time. With cataract surgery, the clouded lens is removed and replaced with an implant, so the cataract is gone forever. Your glasses prescription won't change, but it's possible to experience conditions that are a result of aging or other health issues. That's why it's important to have regular eye exams to protect your vision.
What if I don't have a cataract, can I still get rid of my glasses?
JG: Yes! Patients who are 45 or older, beyond the appropriate age for LASIK, don't yet have cataracts but wish to live a glasses-free lifestyle, may be candidates for Refractive Lens Exchange (RLE). RLE involves replacing the natural lens of the eye with an artificial one. When paired with the Light Adjustable Lens, RLE can transform your vision so you can experience clear vision and independence from glasses! The great news is that with RLE, you'll never need cataract surgery!
It's an honor and privilege to offer advanced technologies like LAL and RLE to Palm Beach County!
